1st *Northern Ireland* **TSA** *Charity Ball*

Saturday 18th October 2008

Grand Ballroom, Ramada Hotel, Belfast 7pm

The evening will begin with a Drinks reception, followed by a 4 course dinner, entertainment, a charity auction, raffle and dancing.

The Tuberous Sclerosis Association (TSA) was formed in 1977 by a group of parents, sufferers and doctors interested in promoting greater understanding of the condition and in providing mutual support for affected families. Since its formation the TSA has achieved much for the cause and earned the respect of the medical and scientific world.

Being diagnosed with Tuberous Sclerosis Complex (TSC) or having your child, grandchild or sibling diagnosed, can be a very difficult and isolating experience.

The Tuberous Sclerosis Association is a 'lifeline' and can 'open the door' to services and support offering better management of TSC, greater research and understanding - providing a 'gateway to the future'.

To 'keep the door open' the Association must raise £600,000 within the next 12 months.

Support of TSC individuals and families is paramount and we are proud of the work undertaken by our TSC Clinics and our entire Support Services Team.

The TSA is dedicated to finding a cure for Tuberous Sclerosis Complex while improving the lives of those affected.

Your participation by attending the Charity Ball will help the TSA in the pursuit of its mission. Tickets are available now at £55 each and include drinks reception, entertainment, dinner and dancing. Please reserve your places early to avoid disappointment.

If you wish to purchase a table, each table seats 10 guests.

Help us bring a lifeline of hope and support
Help us make a difference.
