

THE LONDON TUBEROUS SCLEROSIS CLINIC

St George's Hospital, Tooting

This clinic is under the personal direction of Dr Frances Elmslie. It is held once a month on the second Monday of each month.

The clinic offers advice in 4 problem areas of TSC:

1. Diagnosing TSC and screening family members
2. Assisting in particular areas of general management, behavioural difficulties, paediatric epilepsy and kidney problems
3. Offering family members genetic counselling and facilitating prenatal diagnosis
4. Helping patients and their families get access to relevant specialist services as necessary

The clinic involves specialists from a variety of disciplines. Dr Antonia Clarke is a Consultant Paediatric Neurologist with a particular interest in epilepsy. Dr Hannah Cock is a Consultant Adult Neurologist. Dr Frances Elmslie is a Consultant Clinical Geneticist and Dr Chris Kingswood a Consultant Kidney Physician. Patients and their families will also see Ginny Attard, Genetic Nurse Counsellor whilst at the clinic.

All enquiries and referral should be made via the patient's GP or hospital doctor to:
